

DOC

Season 2

Doc Season 2 follows powerhouse physician Dr. Amy Larsen as she continues to rebuild her life after a car crash erased eight years of her memory. No longer Chief of Internal and Family Medicine at Westside Hospital, Amy must restart her medical journey as an Intern in the hopes of becoming the doctor she once was. She'll confront hard truths about her missing years, work to repair fractured relationships, and seek to reconcile the person she used to be with the one everyone else has come to know.
